Let's care  
for tomorrow.

Allianz 

Allianz Quantitative Analytics sp. z o.o. is an advanced and high-end Analytics Center in Wroclaw since summer 2019. We are part of Allianz Lebensversicherungs AG, one of Europe's biggest Life-Insurance Companies operating in and for the German market. Our main task is to serve as decision-making support for the top management and the relevant specialist areas and to meet the regulatory and reporting requirements under Solvency II and IFRS17.

You are studying mathematics or a math-related subject? You are looking for a successful start to your career with ambitious and challenging tasks within an international environment?
